Education

Bachelor of Technology (B.Tech) in Computer Science
Graphic Era Hill University, Dehradun Campus CGPA: 8.2

Skills

Languages: C/C++, Python, Javascript, HTML/CSS
Libraries : C++ STL, Python Libraries,
Web Dev Tools: Nodejs, VScode,Git,Github
Cloud/Databases:MongoDb, Firebase, Relational Database(mySql)
Relevent Coursework: Data Structures & Algorithms, Operating Systems, Object Oriented Programming, Database Management System, Software Engineering.
Areas of Interest: Frontend,Backend,Ml,AI,Deep Learining.
Soft Skills: Problem Solving, Self-learning, Presentation, Adaptability

Projects

AI-Based Exam Seating Arrangement Web Application

- Built a browser-based application that automates exam seating using **Graph Coloring** to prevent subject-based adjacency and **Dijkstra's Algorithm** to maximize student separation. Features include CSV import/export, hall configuration, interactive seating map, and PDF/CSV/PNG export. Implemented with **HTML5, CSS3, and Vanilla JavaScript**, with offline functionality via local storage.
- Designed logic for both conflict-free scheduling and seating arrangement

Learning Management System (LMS) – MySQL

- Designed and implemented a normalized relational database for managing users, courses, enrollments, assignments, and submissions.
- Added features like grading, notifications, and discussion forums using stored procedures and triggers
- Ensured referential integrity with primary/foreign keys and optimized queries with indexes for faster retrieval.

Certifications

- Database Management System
- Machine Learning with Python
- Google Cloud Computing Foundations
